**ALL MATERIALS INCLUDED.**

You'll learn how to monoprint from a plate of relief ink that is rolled out onto a sheet of glass/plexi glass. This process requires the image to be made by *removal* of ink. The process involves a lot of markmaking and interesting results can be

achieved with ease. One print is taken from the plate but the plate can be quickly cleaned and inked up again for another go. This technique lends itself to creating images of the landscape and abstract work. As the technique is quite immediate, you will be able to achieve a number of prints in the workshop.

*BYO lunch. Tea & coffee provided.*
