ALL MATERIALS INCLUDED.

Discover the possibility of monoprinting using the reduction method. This process requires the image to be made by *removal* of ink through markmaking. Interesting results can be achieved with ease. One print is taken from the plate but the plate can be quickly cleaned and inked up again for another go. The techniques demonstrated in this workshop lend themselves to creating images of the landscape and abstract work. As

the technique is quite immediate, you will be able to achieve a number of prints in the workshop.

BYO lunch. Tea & coffee provided.
